---

## Objective

I am Information Technology student working towards becoming a full-stack developer Currently looking for either internships or part time jobs in the fields stated above.

## Education

Florida Agricultural & Mechanical, Tallahassee, FL  
Bachelor of Science, Computer Information Technology

**Graduation Date: spring 2025**

## Skills/Interests

- : Html, CSS, C#, C++, GitHub, JavaScript, Vscode git, visual studio, web design, graphic design, photoshop, adobe illustator,SQL, UI/UX design, data structures and algorithms, React, Nodejs, Aws, Figma, python,C#,Figma,

## Technical/School Projects

**Full stack Portfolio website-** Using HTML, CSS, JavaScript, React, Aws, and nodejs to create a full-stack website to display some of my skills and also come up with a creative resume that allows the ability to see what I am capable of in a finite source

**WEBSITE FOR GAME** - Using HTML, CSS, and JavaScript to create a full website for an interactive game that uses crosswords to help people learn new programming and speaking languages.

- Worked in a group of three to organize and collaborate on creating the website.
- Created a detailed site map and researched information needed to meet the requirements of the project.
- Learned the things needed to be efficient in HTML and CSS and worked with java script.

**Created a program using C++** - That Calculates the membership fees over the next 10 years based on the membership that they choose.

- Learned how to utilize loops, Boolean statements and If statements.
- Learned basic code etiquette.
- learned about arrays

## Experience

Hbcu 20x20 Adobe -Fellow      September 2022 – December 2022 : Tallahassee, FL

- As a fellow we were undergoing mentoring and professional development to help us better achieve jobs in our respective roles
- Taught how to communicate professionally with consumers and employers.
- Reconciled with other like-minded individuals to identify and assist one another in gaining more skills.

## University Affiliated organizations

BBLB – Big Brother Little Brother 08/15/2022 – current

- A group that pair mentors and mentees up also known as Big brothers and little brothers.
- They then help them with their transition from high school to college
